International Conference on Data-Processing and Networking (ICDPN-2026)

Date: 25th -26th September, 2026

ORGANISED BY : Institute of Technology and Business in České Budějovice, Near Prague, Czech Republic, Europe (Venue).

********** CALL FOR PAPERS **********

SPECIAL SESSION ON

Next-Generation Data Processing for Smart and Sustainable Healthcare

SESSION ORGANIZERS:

1. **Dr. Sandip Mandal, Karolinska Institutet, Stockholm, Sweden**
   Email: sandip.mandal@ki.se

2. **Dr. Sakshi Gupta, Dronacharya College of Engineering, Gurugram, India**
   Email: sakshi86.10@gmail.com

3. **Mr. Hilal Ahmad Shah, IILM University, Greater Noida, India**
   Email: hilalshah9832@gmail.com

EDITORIAL BOARD: (Optional)

[Name, University or Organization, Country, e-mail]

SESSION DESCRIPTION:

This special session focuses on the role of next-generation data processing techniques in enabling smart and sustainable healthcare systems. With the rapid growth of healthcare data from electronic records, wearable devices, and medical imaging, advanced data-driven approaches such as artificial intelligence, machine learning, and big data analytics are transforming healthcare delivery. The session aims to explore innovative methods for efficient data processing that support intelligent decision-making, real-time monitoring, and personalized treatment.

The session also emphasizes sustainability in healthcare by promoting energy-efficient data processing models, optimized resource utilization, and environmentally responsible computing practices. With increasing concerns about energy consumption and carbon footprint in large-scale data systems, there is a growing need for green and cost-effective healthcare analytics solutions. Contributions addressing scalable, cost-effective, and eco-friendly solutions for healthcare analytics are highly encouraged.

RECOMMENDED TOPICS:

Topics to be discussed in this special session include (but are not limited to) the following:

- AI and Machine Learning for Smart Healthcare
- Big Data Processing and Predictive Analytics in Healthcare
- Energy-Efficient Data Analytics for Healthcare Systems
- Real-Time Health Data Processing from Wearable Devices
- Data-Driven Decision Support Systems in Clinical Applications
- Sustainable Healthcare through Data Optimization
- Medical Image Processing using AI and Deep Learning
- Secure Healthcare Data Analytics
- Cloud-Based Data Processing for Healthcare
- Explainable AI and Ethical Data Practices in Healthcare

SUBMISSION PROCEDURE:

Researchers and practitioners are invited to submit papers for this special theme session on **Next-Generation Data Processing for Smart and Sustainable Healthcare** ***on or before*** **[30th July 2026].** All submissions must be original and may not be under review by another publication. INTERESTED AUTHORS SHOULD CONSULT THE CONFERENCE'S GUIDELINES FOR MANUSCRIPT SUBMISSIONS at **https://www.icdpn-conf.com/Downloads**. All submitted papers will be reviewed on a double-blind, peer review basis.

NOTE: While submitting paper in this special session, please specify

Next-Generation Data Processing for Smart and Sustainable Healthcare

at the top (above paper title) of the first page of your paper.
