International Conference on Data-Processing and Networking (ICDPN-2026)

Date: 25th -26th September, 2026

ORGANISED BY : Institute of Technology and Business in České Budějovice, Near Prague, Czech Republic, Europe (Venue).

********** CALL FOR PAPERS **********

SPECIAL SESSION ON

Artificial Intelligence for Smart Healthcare and Sustainable Bio-Waste Utilization

SESSION ORGANIZERS:

- **Dr. Deepti Khanna**, Associate Professor, Jagan Institute of Management Studies (JIMS), Rohini, New Delhi, India.
  Email: drdeeptichoprakhanna@gmail.com | Phone: +91 9958295454

SESSION DESCRIPTION:

This special session aims to explore the transformative role of Artificial Intelligence (AI) in advancing smart healthcare systems alongside promoting sustainable bio-waste utilization practices. With the rapid growth of healthcare data and increasing environmental concerns, there is a critical need to integrate intelligent technologies that can enhance medical diagnosis, treatment, and healthcare management while ensuring eco-friendly handling of biomedical and organic waste.

The session will focus on innovative AI-driven solutions such as machine learning, deep learning, and data analytics applied to healthcare systems, including disease prediction, medical imaging, personalized medicine, and healthcare automation. Simultaneously, it will highlight sustainable approaches for bio-waste management, including waste segregation, recycling, energy recovery, and bio-resource optimization using AI and computational techniques.

This interdisciplinary session provides a platform for researchers, academicians, industry professionals, and policymakers to share cutting-edge research, practical applications, and emerging trends at the intersection of AI, healthcare, and environmental sustainability. It aims to address current challenges and promote scalable, efficient, and sustainable solutions for the future.

RECOMMENDED TOPICS:

Topics to be discussed in this special session include (but are not limited to) the following:

- AI-based disease prediction and early diagnosis
- Deep learning in medical imaging and diagnostics
- Smart healthcare systems using IoT and AI
- Clinical decision support systems
- AI in personalized and precision medicine
- Healthcare data analytics and predictive modeling
- AI-driven biomedical signal processing
- AI-based bio-waste segregation and classification
- Sustainable bio-waste recycling and waste-to-energy systems
- Intelligent systems for environmental monitoring and waste management

SUBMISSION PROCEDURE:

Researchers and practitioners are invited to submit papers for this special theme session on Artificial Intelligence for Smart Healthcare and Sustainable Bio-Waste Utilization ***on or before*** **[30th JULY 2026]**. All submissions must be original and may not be under review by another publication. INTERESTED AUTHORS SHOULD CONSULT THE CONFERENCE'S GUIDELINES FOR MANUSCRIPT SUBMISSIONS at **https://www.icdpn-conf.com/Downloads**. All submitted papers will be reviewed on a double-blind, peer review basis.

NOTE: While submitting paper in this special session, please specify [**SESSION NAME**] at the top (above paper title) of the first page of your paper.
