

International Conference on Data-Processing and Networking (ICDPN-2026)

Date: 25th -26th September, 2026

ORGANISED BY : Institute of Technology and Business in České Budějovice,
Near Prague, Czech Republic, Europe (Venue).

***** CALL FOR PAPERS *****

SPECIAL SESSION ON

Intelligent Data Processing, Secure Networking, and AI-Driven Cyber-Physical Systems for Industry 5.0

SESSION ORGANIZERS:

Dr Harsh Namdev Bhor, Somaiya University, India. hbhor@somaiya.edu

Wanus Srimaharaj, Ph. D., Payap University, Thailand. wanus_s@payap.ac.th

Dr Vijaya Pinjarkar, Somaiya University, India. vkhirodkar@somaiya.edu

EDITORIAL BOARD: (Optional)

Dr Harsh Namdev Bhor, Somaiya University, India. hbhor@somaiya.edu

Wanus Srimaharaj, Ph. D., Payap University, Thailand. wanus_s@payap.ac.th

Dr Vijaya Pinjarkar, Somaiya University, India. vkhirodkar@somaiya.edu

SESSION DESCRIPTION:

The rapid advancement of Artificial Intelligence (AI), Internet of Things (IoT), Cybersecurity, Cloud Computing, High-Performance Computing (HPC), and Quantum Technologies is transforming modern digital ecosystems. Emerging applications in smart cities, Industry 5.0, healthcare, intelligent transportation, agriculture, and cyber-physical systems require robust, scalable, and secure computing infrastructures capable of processing massive volumes of heterogeneous data.

This special session aims to bring together researchers, academicians, industry experts, and practitioners to present recent advances, innovative methodologies, and practical applications in intelligent computing and secure networking. The session encourages interdisciplinary research contributions focusing on intelligent data processing, cybersecurity frameworks, trustworthy AI, quantum-enhanced computing, IoT security, edge intelligence, and sustainable digital transformation.

The objective is to foster collaboration among researchers and promote innovative solutions addressing challenges related to security, scalability, privacy, reliability, and performance in next-generation computing environments.

RECOMMENDED TOPICS:

Topics to be discussed in this special session include (but are not limited to) the following:

- Artificial Intelligence and Machine Learning
- Deep Learning for Network Intelligence

- Cybersecurity and Intrusion Detection Systems
- IoT and Industrial IoT Applications
- Edge and Fog Computing
- Cloud Computing and Cloud Security
- Blockchain and Distributed Ledger Technologies
- Explainable AI (XAI)
- Federated Learning
- Smart Healthcare Systems
- Industry 5.0 Technologies
- Digital Twins
- High Performance Computing
- Big Data Analytics
- Intelligent Transportation Systems
- Quantum Computing Applications
- Secure Wireless Networks
- 5G/6G Communication Networks
- AI for Sustainable Development

SUBMISSION PROCEDURE:

Researchers and practitioners are invited to submit papers for this special theme session on **Intelligent Data Processing, Secure Networking, and AI-Driven Cyber-Physical Systems for Industry 5.0 on or before [30th JULY 2026]**. All submissions must be original and may not be under review by another publication. INTERESTED AUTHORS SHOULD CONSULT THE CONFERENCE'S GUIDELINES FOR MANUSCRIPT SUBMISSIONS at <https://www.icdpn-conf.com/Downloads>. All submitted papers will be reviewed on a double-blind, peer review basis.

NOTE: While submitting paper in this special session, please specify **Intelligent Data Processing, Secure Networking, and AI-Driven Cyber-Physical Systems for Industry 5.0** at the top (above paper title) of the first page of your paper.
